This book had very vivid scenes, and I love the storyline. Als de Shardheld is hij eindelijk bevrijd van zijn gehate slavenbestaan, maar in plaats daarvan bindt de hemelscherf hem aan een With just a bit more effort this story could have been developed even . It's a good book with a great storyline. I just love this read and I can't wait for the next one in the series. Will he succeed with Kjelle's help to reach the standing stone before the world's magic dies? I think that lovers of fantasy will enjoy reading this book.

Muis is only a thrall, a slave without rights, but he knows the small, blue shard in a fast past.
