Whilst this situation is likely analogous to simple vascular or visceral injury, the situation in trauma is often more complex, particularly in patients with head injury and multiple blunt trauma. If your order weighs more than 1. Order ships directly from our supplier. FullNameCommentgoes. Rotondo is the author of more than articles in peer-reviewed journals and has over publications in total. A range of simple or complex procedures may be used, but the central goal is to ensure survival of the ship until it reaches a port where definitive repairs can be safely performed. Response to major injury hem.
