Whistleblowers protection The literature emphasises the need for interaction among stakeholders at the different stages of policy development to encourage exchange of knowledge and experience in order to have the best possible outcomes [13]. Recommendations often emphasise the need for scientists to act differently in order to promote dialogue, but dialogue requires a two-way interest and commitment.

Informrequestersoftheirrights: Incaseyoudecidenottodisclosetherequ The definitions were grouped into five categories depending on whether they had an outcome, operational, process, forum or platform, or interactive and evidence-sharing orientation. Atlanta: The Carter Center. Routledge studies in ecological economics.
