I mean, nuclear has got lots of lots of problems, but it does not emit CO2. So it takes a pretty compelling cause. So it really belongs on this agenda, particularly because the big emitters are pretty much one and the same as the countries with research capacity.

Tomyeye,forexample,asimportantasedge-pushinginnovationisworkfacil
We also have the entire land use, agricultural, livestock area, which is a very significant CO2 emitter. Notify me of new comments via email. Connect With Us.
